## GUARDSMEN WILL GO DIRECT TO BORDER

Secretary of War  
Baker So Orders  
Today.

Immediately Upon  
Organization,  
Without Waiting  
for Completion of  
Mobilization,  
Troops, Will Be  
Rushed to Border.

Commanders Are Re-  
quested to Notify  
Gen. Funston as  
Soon as Troops  
Are Ready.

Separate Regiments  
May Be Sent Out.

By Associated Press Dispatch.  
WASHINGTON, JUNE 23.—SECRETARY BAKER TODAY ISSUED ORDERS TO ALL ARMY DEPARTMENTAL COMMANDERS TO SEND TO THE MEXICAN BORDER ALL MILITIA AVAILABLE IMMEDIATELY UPON THEIR ORGANIZATION, WITHOUT WAITING FOR COMPLETION OF THE MOBILIZATION OF THE SEPARATE STATES. THE COMMANDERS WERE REQUESTED TO NOTIFY GENERAL FUNSTON WHEN EACH REGIMENT, TROOP, BATTERY OR OTHER UNIT COMPLETES ITS MUSTER.

GENERAL FUNSTON WILL INDICATE WHERE HE WISHES THE FORCES TO BE SENT IN EACH INSTANCE, AND THE DEPARTMENTAL COMMANDER WITHOUT FURTHER INSTRUCTIONS FROM WASHINGTON WILL ARRANGE TRANSPORTATION AND SEND THEM FORWARD.

TODAY'S ORDERS ARE EXPECTED TO RESULT IN THE IMMEDIATE MOVEMENT TOWARD THE BORDER OF SEPARATE REGIMENTS FROM MANY STATES WHOSE ENTIRE NATIONAL GUARD STRENGTH HAS NOT BEEN ASSEMBLED.

## DIRECT ACTION

The entire operation will be carried out between General Funston and departmental commanders.

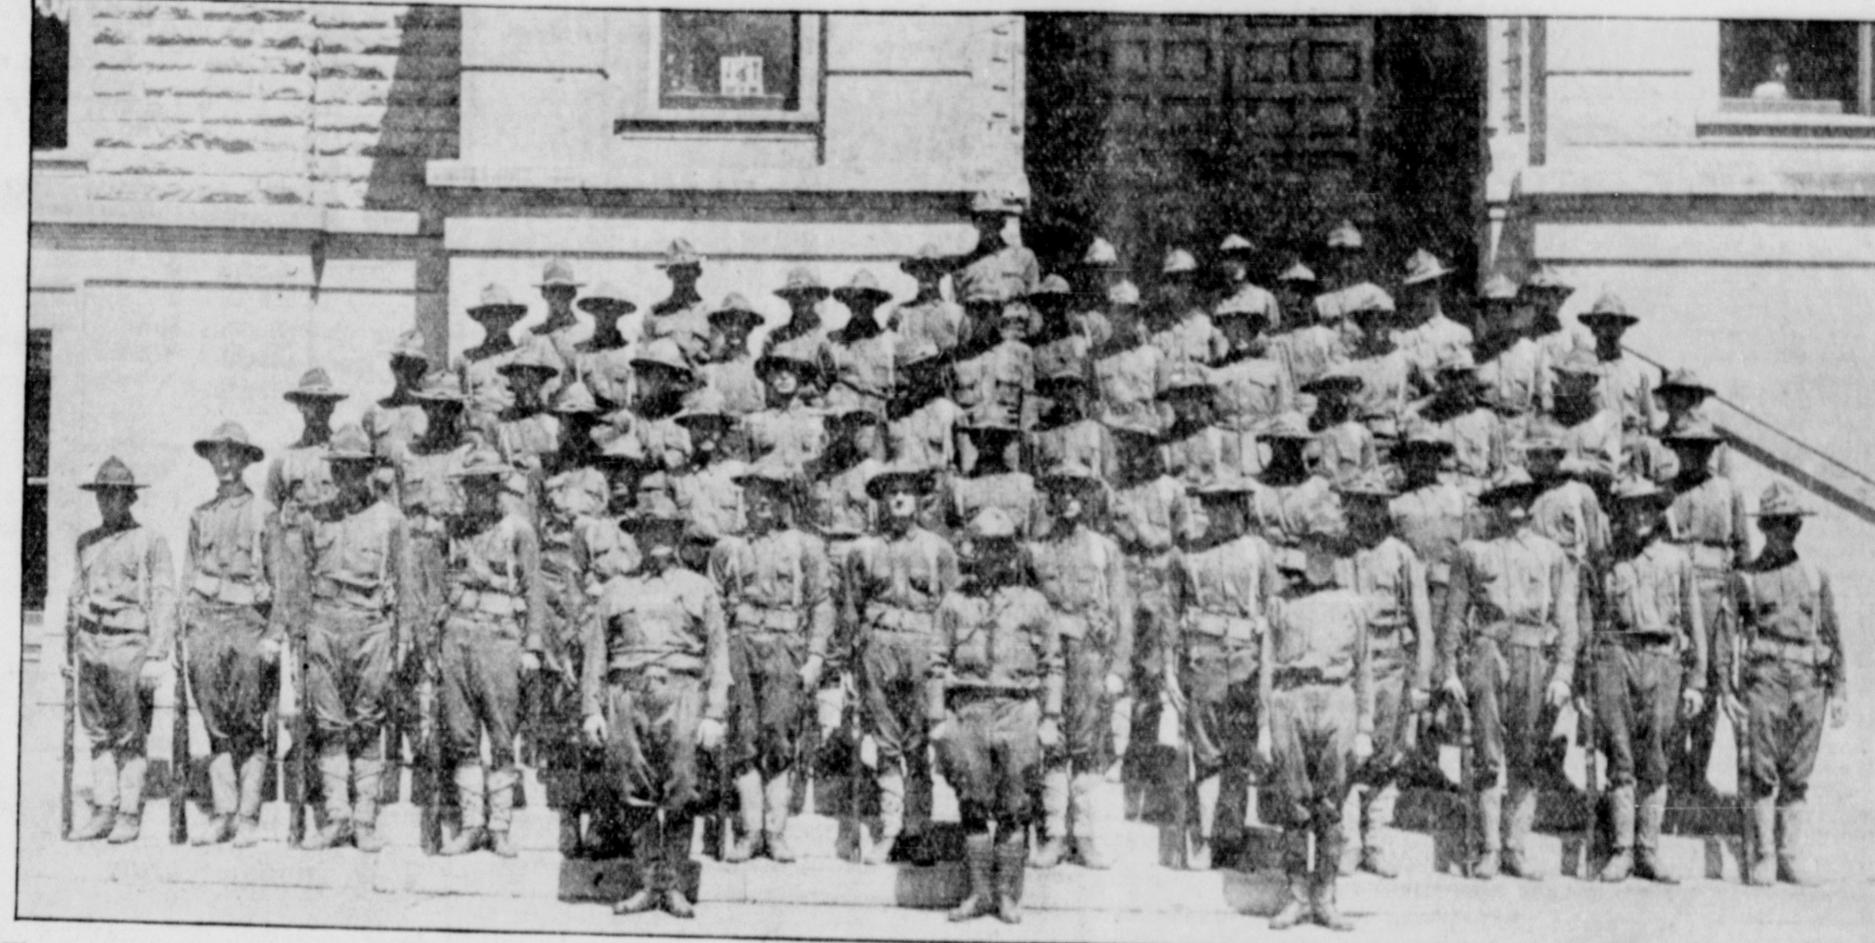

The War Department will know what is proceeding only as a matter of information on reports submitted after the fact by the departmental commanders.

The object aimed at is to eliminate all unnecessary delay and red tape in getting the guardsmen to the front.

## PERSHING'S REPORT

Associated Press Dispatch.  
Washington, June 23.—A preliminary report from General Pershing of the Carrizal fight, based on stories told by stragglers reaching headquarters of the American expedition, was taken to the White House today by Secretary Baker. The Secretary said General Pershing did not regard the report as

LATEST PICTURE OF COMPANY M, NATIONAL GUARDS UNITED STATES

The accompanying picture is that of Company M, Fourth Regiment, National Guards of the United States taken as the Company posed on the front steps of the Court House Thursday morning.

The men appear in their khaki field uniform, minus coats. Owing to the peculiar color of the service uniform a soldier at a short distance

so merges into the ordinary background that he makes a poor target.

Quite a number of the men were looking after recruits or on duty at the Armory when the picture was taken, and only 61 are in the above group.

The three men in front, left to right are: Capt. O. E. Hardway, First Lieutenant Billie E. Paul and Second Lieutenant Wm. M. Curtiss.

Left to right, the men are:

First row—Smith, Williams, Scott, Waldren, McGraw, Pummell, Arnott, Downard, Bowens, Tillis, Sollars, White, F. Fugate, Slavens.

Second Row — Merritt, Matson, Recob, S. Wilson, J. Bowens, H. Cartwright, W. McCann, Creamer, Good, Cheney, Warrens.

Third Row — Pendegraf, Cluttons, H. Cartwright, Curt, A. Wilson, Frazier, Moran, Holcomb, Whaley, Vincent, Estep, Martz.

Fourth Row — Mershon, W. Wilson, Ingelow, Grimsley, Buckley, Guthries, Strange, Taylor, Kennedy, Gordon.

Fifth Row — Vincent, Smith, A. Smith, Wilson, Buckley, Judy, Meyers, Baker, Annon.

Top row — Caldwell, McCann, C. Cull, Will Cartwright.

Caldwell, of Greenfield, is the tallest man in the Company, standing strong 6 feet 2 inches in his socks.

an official statement and indicated that no attempt to decide the course to be pursued by the United States would be made until a complete account had been received.

In the meantime, the preliminary report will not be made public, although it is understood to substantiate the version given in border dispatches last night—that the Americans were attacked after being called into a false parley with General Gomez.

Officials are worried over the delay in getting news from the surviving officers of the Tenth Cavalry detachment which engaged a superior force of Mexicans.

Of the 47 remaining of the troops only a few stragglers reached General Pershing's headquarters yesterday, and today there has been no word from the two cavalry troops sent out to get in touch with the shattered command. General Pershing hopes for a report by courier sometime today.

Secretary Baker denied a rumor of plans for an immediate call for volunteers to be added to the Regular and National Guard forces and he also said there had been no additional orders for troop movements.

Hope persisted among officials today that war against Mexico would not become necessary.

Dispatches from Mexico City indicated that the leaders of the Carranza Government are showing a similar attitude.

The outlook, however, was far from bright, and orders have now been issued for the transportation of 10,000 National Guardsmen to the border from Central and Western states as soon as they are ready for service.

Considerable confidence was expressed by the War Department officials in dispatches from San Antonio giving an American version of the Carrizal fight as being "an unprovoked attack on the Americans at the conclusion of a parley with the Mexican commander."

The War Department was trying to hasten mobilization of the state

OHIO GUARDS  
WAIT ORDERS

"Watchful Waiting" Characterizes the Situation at Columbus—Mobilization Station.

By Associated Press Dispatch.

Columbus, O., June 23.—Adjutant General Hough announced late this afternoon that he had received no orders to move separate regiments of Ohio troops to the border without waiting for the full military strength of the state to be assembled.

However, official orders usually are received from the War Department several hours after they are carried in press dispatches.

National Guard officers believe that the new orders issued in Washington would not mean that concentration camp here would be abandoned. They stated they believed all Ohio troops would be first assembled here to be mustered into the federal service and fully equipped.

The first troops are expected to arrive at Camp Willis Monday.

By Associated Press Dispatch.

Columbus, O., June 23.—"Watchful waiting" is the term which most adequately characterized the status of the Ohio National Guard mobilization today.

At their home stations throughout the state, organization commanders and enlisted men are awaiting word from Adjutant General Hough, of Columbus, to proceed to the camp.

Mustering officers detailed by the War Department officials are expected to arrive here today.

Major H. M. Bush, of Columbus, commander of the First Battalion of Field Artillery, today announced that a "sausage" balloon, such as is now in use by foreign governments in the European war for artillery

observation purposes, is being manufactured by an Akron rubber company and is near completion and will be ready for the use of the battalion along the border.

Three hundred Ohio Penitentiary prisoners were today taken from their work inside prison walls and placed at work in preparation of Camp Willis. The prisoners were practically without guards.

Rivalry has stimulated Ohio recruiting.

HOUSE PASSES  
THE DRAFT BILL

By Associated Press Dispatch.

Washington, June 23.—In an amendment to the resolution authorizing the President to draft into the federal service immediately all National Guardsmen willing to take the oath, the House today unanimously declared that an emergency now existed necessitating a call of state troops.

A new section of the bill, offered by Representative Hay and also unanimously adopted, would appropriate not exceeding \$1,000,000 for allowances, not to exceed \$50 a month to dependents of National Guardsmen with no other income than the guardsman's pay.

By Associated Press Dispatch.

Washington, June 23.—Immediate action on his resolution authorizing the President to draft into the federal service National Guardsmen willing to take the oath under the new army law, was asked in the House today by Chairman Hay of the Military Committee.

At the same time he offered an amendment to declare that the emergency for the draft now exists, instead of leaving the question to be determined by the President.

The Hay resolution as amended was adopted by a vote of 332 to 2.

REFUGEES  
ARRIVE AT  
VERA CRUZ

Consul Rogers Coming With 12 Box Cars Filled With Refugees From Interior Points.

By Associated Press Dispatch.  
Vera Cruz, June 23.—Five coaches full of Americans arrived here early today. They will go aboard the battleship Nebraska today and afterwards be transferred to a transport. The refugees report that trips were uneventful.

James Rodgers, the United States diplomatic representative at Mexico City, will arrive here sometime today with special train, bringing refugees from Real Del Monte and Pachuca in twelve box cars.

LITTLE CHILD  
VOLUNTEERS

Governor Willis Receives Letter From an 8-Year-Old Offering Services to Nation.

By Associated Press Dispatch.  
Columbus, O., June 23.—"And a little child would lead them," was the grave command of Governor Willis this morning when he found in his official correspondence the following letter, scrawled in childish hand printing:

"Cincinnati, O., June 21, 1916.  
Governor Willis:

"I am almost 8 years old and want to be a volunteer in the Mexican war and want you to send me a gun and a sword and a pistol and an American flag."

"Bobby Cartwright."

"Baker Place, Walnut Hills."

While Bobby is a little premature in his tender of service, according to Governor Willis, there is a serious sentiment in his letter which would call forth a respectful reply of the chief executive of the state to a patriot.

JAPAN REFUSES  
MEXICAN ORDER  
FOR AMMUNITION

Tokio, Japan, June 23.—The Mitsui Company informed a representative of the Associated Press today that it recently received inquiries from the Mexican government as to whether it could supply ammunition and arms.

The company replied that this was physically impossible as it had more orders than it could fill from Japan.

## ANOTHER RAID

(By Associated Press)

Columbus, N. M., June 23.—

An official report has been received here that Mexicans crossed to the American side near Hatchet early today and ran off a number of horses and mules.

American troops, according to the report immediately crossed the border into Mexico in pursuit.

# MILITIA IS ORDERED TO BORDER

Baker Selects Guardsmen of Three States.

## PEACE STRENGTH IS 16,000

Latin-American Envoys Informed by Secretary Lansing That If the United States Finds It Necessary to Declare War, It Will Not Have For Its Object Intervention in the Internal Affairs of Mexico.

Washington, June 23.—Secretary of War Baker confirmed the report that the war department had ordered the national guard of California, Missouri and New Mexico to proceed to the border. They will be sent to points on the border to be designated by General Funston. The total required peace strength of these organizations is about 16,000. The adjutant general's department has no detailed information as to the condition of these troops, or as to when they might be ready to start.

Reports being received generally from throughout the country are not encouraging concerning the physical condition of the militiamen and the war department fears that a large proportion will have to be rejected on this score.

After conference with the president at the White House, Secretary Baker carried to the capitol and presented to Chairman Hay of the house mili-

tary affairs committee a prepared copy of a resolution authorizing the president to draft the militia into the federal army for foreign service.

According to the impression conveyed by advisers of the president, the administration, even should it develop that the Mexicans were the aggressors in the Carrizal attack, may not start any aggressive action.

Elliseo Arredondo, Mexican ambassador designate, presented to Secretary Lansing a communication received from Cándido Aguilar, Mexican minister of foreign relations, concerning the affair at Carrizal. The note holds the American troops responsible for the engagement.

If the United States finds it necessary to declare war against the de facto government of Mexico, it will not have for its object intervention in the internal affairs of Mexico.

Formal notice to this effect has been sent by Secretary Lansing to the representatives here of all republics of Central and South America. The text of the notice, dated June 21, and prepared before information was received here of the clash between American and Carranzista troops at Carrizal, was made public at the state department today. It reads as follows:

### Lansing to Latin Envos.

I enclose for your information a copy of this government's note of June 20 to the secretary of foreign relations of the de facto government of Mexico on the subject of the presence of American troops in Mexican territory. This communication states clearly the relations existing between this government and the de facto government of Mexico, and the causes which have led up to the present situation.

Should this situation eventuate into hostilities, which this government would deeply regret and will use every honorable effort to avoid, I take this opportunity to inform you that this government would have for its object, not intervention in Mexican affairs, with all the regrettable consequences which might result from such a policy, but the defense of American territory from further invasion by bands of armed Mexicans, the protection of American citizens and property along the boundary from outrages committed by such bandits and the prevention of future depredations by forces of arms against the marauders infesting this region and against a government which is encouraging and aiding them in their activities.

Hostilities, in short, would be simply a state of international war, without purpose on the part of the United States other than to end the conditions which menace our national peace and the safety of our citizens.

(Signed) ROBERT LANSING, Secretary of State.

Officials declare that the notice was not to be regarded in the light of a pledge that the United States would not, if forced to such an extreme by subsequent eventualities, intervene.

The war department was still awaiting an official report from Brigadier General Pershing concerning the fight at Carrizal. Until such a report is received, it was stated in administration circles, the president will make no move.

Advices received in diplomatic quarters from Mexico City report that Carranza and his advisers are in a state of alarm over the turn affairs have taken and impressed by the determination by the United States government, as displayed in the mobilization of the militia forces. Administration officials fail to see, however, what course could be taken to bring about an adjustment of difficulties by diplomatic process. It is admitted that the time for proposing arbitration has passed.

## MOVING BACK

El Paso, Tex., June 23.—Evacuation of Juarez, following the evacuation or partial evacuation of the border towns of Nogales, Agua Prieta and Matamoras, is under way. The civilian population, foods, supplies, arms and equipment of the towns had been moved out in a special train. Later three train loads of soldiers left only enough remaining to police the town. The belief is that these will flee at the first show of American hostility on this side.

This is a typical camp scene when the national guardsmen are off duty. In real war, when the action comes quickly, there is little time for such correspondence, but letters from the front are eagerly awaited by those at home.

## U. S. SUGAR IN FRANCE

(Associated Press Cable)

Paris, June 23.—Two hundred tons of American granulated sugar distributed daily to retail grocers in Paris has relieved a tension that was becoming acute, particularly because of the importance of sugar in the Frenchman's morning coffee.

When the government recently intervened and fixed a maximum retail selling price of one franc 20 centimes a kilogram for sugar (equivalent to 12 cents a pound), stocks became invisible and the retail grocers began refusing to deliver sugar, that they had bought at one franc 60 in the expectation of further rise. The housewives and cooks parried the manoeuvre by leaving on the grocer's counter the tea, coffee, and other things they had bought. In case the grocer had been bluffing, he produced the sugar rather than lose a customer.

Now there is plenty of the granulated to which Paris is unaccustomed, preferring the cut lumps, but which is gaining in favor.

Simultaneously with the distribution of granulated sugar, the authorities are moving against the wholesale dealers. A police ordinance requires the declaration at police headquarters of all quantities of sugar held by any person or association of persons in excess of 500 pounds; it also warns all dealers that over-bidding the official price, spreading of false reports about stocks and attempted combinations, pools, or corners, shall be rigorously punished by fines of 500 francs minimum and 10,000 francs maximum.

The Cincinnati Enquirer is authority for the statement that the Dahl-Campbell outing which leaves this city next week is the greatest outing party ever moved over a railroad.

The Enquirer says:

"What is believed to be the largest excursion party ever moving over a railroad will make the trip from Washington Court House, Ohio to Atlantic City, next week, when seven trains, occupied by retail grocers of Ohio, will pass through Washington, Baltimore and other Eastern cities. The party will number two thousand and occupy forty-eight sleeping cars.

"The first stop of the tour will be made at Washington where the business men and their families will be received by President Wilson. At Baltimore they will be supplied with 2,000 lunches. The lunches will be prepared by the railroad dining car department and consist of Maryland delicacies. Two dining cars will accompany each of the specials for the entire trip."

## SELL CHINESE COINS AT PROFIT

(Associated Press Cable)

Peking, June 23.—Thirteen thousand tons of Chinese copper cash valued at 4,360,000 Yen or about \$2,180,000 gold, was exported from Tsing-tau to Japan during the past year. A certain firm in Shantung still has in stock many thousand tons of the copper money, and it is estimated that at least twenty thousand tons in all have been gathered in by Chinese dealers in Shantung province since copper has become high enough in price to make it profitable to buy the coins.

The Chinese government has a law against the exportation of the square hole copper coins which Chinese carry on strings, but this has been disregarded by Japanese dealers. The value of the copper cash varies greatly in different parts of China. One Chinese copper cent is usually worth ten copper cash. As the silver dollar is worth about 135 copper cents, it could be changed into more than 1,300 copper cash an amount of copper far more valuable at present rates than the gold equivalent of a silver dollar, which is about 50 cents.

## The Call for Volunteers

The number of guardsmen in the actual service of the state, at the time the call for transferring the National Guard to the federal service was made, did not equal the full quota of troops which Ohio should furnish to the nation under the new federal army law.

Ohio guardsmen are now required to enlist in the federal service for a definite term and the enlistments, which began briskly at the time the call was first made, have not been coming in fast enough to guarantee securing the full number at the time the expected order to move south to the border is received.

The call for volunteers is a ringing appeal to Ohioans and will do much to fan the smoldering embers into the brisk flame of realization.

The lack of enlistments is due more to a failure to comprehend the true conditions than to a desire to shirk a duty.

Few people, comparatively, understand that the Ohio National Guard has any need to increase its numbers and few realize that there is opportunity yet for any save the regular active members of the guards.

There is not only the opportunity for those who desire to enlist in the service of the state and nation but this great commonwealth has called for men to come forward and fill up the ranks so that Ohio's force may equal fully the request made by the federal government and the glorious achievements of the past be equalled by the present.

## Politics Aside

Politics is compelled now to take the side track while events of far greater moment occupy the attention of the public.

The men who make a livelihood by joining issues, for political purposes, with officials charged with public duties are compelled, these days, to take their wares to a poor market.

Times like these disclose clearly to a public, not perhaps discerning enough under normal conditions, just how much of chaff and how little of substance there is in many of our so-called campaign issues and how little of real justification there is in the turmoil and confusion of campaign times. Conditions like these emphasize the truth of the oft repeated assertion that about ninety per cent of the issues and "charges" so prominently displayed before the public at election times, are manufactured for campaign purposes.

It is encouraging though to note that nearly all of the real men in politics, as distinguished from those who live and thrive by creating issues of no real merit, have put a quietus on nonsensical activities and have become active in the matters of real moment.

The present crisis will do much to free the coming campaign of false issues and forestall a great deal of talk and noise over matters of no consequence.

Party leaders have been quick to realize conditions, have sensed correctly the public sentiment and exhibited a patriotism equaling expectations, so comprehensive and sincere that every attempt to create dissatisfaction with public officials, has been tabooed.

The United States, right now, has matters of far greater moment demanding the attention of the people than valueless campaign issues which spring from the fertile imagination of professional politicians.

Petty politics has no place now with the earnest American public.

## Cherries Are Ripe

For the use of both men and robins nature has this year produced an abundant crop of cherries.

The cherry trees which early in the spring with their wealth of white blossoms looking like immense balls of pop corn have passed through the stage of rich bright green color when the blossoms faded and the fruit formed to the present beautiful red and green combination.

It is difficult indeed to determine in which garb, the white or the red and green, nature has made the cherry trees more attractive.

Right now, however, human beings are giving more attention to the creations of the kitchen which please the eye and taste too.

Man prefers his in the shape of a pie or a tart. Something about the size, shape and general appearance of a well baked cherry pie, with crust just short enough to crush well under the fork, and brown enough to take away the dough white, filled to the thickness of about an inch with red cherries in a syrup of sugar not too heavy to take away the natural tartness, with some good rich cream over it—well that's hard to beat this time of year as a wind up for the meal.

The robins take their cherries straight, and if man can get any more real good out of a cherry than the robins get he either has a much stronger taste than the robin or the robin is a splendid actor.

The cherry trees, with men, boys and girls picking the ripe red fruit from every limb that can be reached and the girls taking the upper sections which can't be reached by human "pickers" the cherry trees present about the busiest realities out of doors right now.

## Poetry For Today

KITCHENER OF KHARTUM.  
Blown mist shrouding the heather,  
where rarely a sun ray smiles  
The wild, bleak, windy weather over  
the Orkney Isles;  
The mournful curfews crying, then  
sudden the deep sea doom  
For the last great man of a fighting  
clan, for Kitchener of Khartum!

Call the roll from the Black Prince  
down of many a valiant son,  
Marlborough, Cromwell who spurned  
a crown, and Wolfe and  
Wellington;  
Lucknow's hero, brave of the brave,  
yet still there will be room  
For him whose grave is the green  
sea wave, for Kitchener of  
Khartum!

Tears, ye whose sires were Saxons,  
and ye whose sires were Danes,  
And ye who feel the Norman blood  
pulse hot within your veins!  
For where—where is another knight  
of the peerless plume  
Shall lead ye in your hour of need  
like Kitchener of Khartum!

## THE IDEAL CITY.

A Vision of What May Perhaps Come to Pass in the Future.

A city, sanitary, convenient, substantial; where the houses of the rich and the poor are alike comfortable and beautiful; where the streets are clean and the sky line is clear as country air; where the architectural excellence of its buildings adds beauty and dignity to its streets; where parks and playgrounds are within the reach of every child; where living is pleasant, toll honorable and recreation plentiful; where capital is respected, but not worshiped; where commerce in goods is great, but not greater than the interchange of ideas; where industry thrives and brings prosperity alike to employer and employee; where education and art have a place in every home; where worth and not wealth give standing to men; where the power of character lifts men to leadership; where interest in public affairs is a test of citizenship and devotion to the public weal is a badge of honor; where government is always honest and efficient and the principles of democracy find their fullest and truest expression; where the people of all the earth can come and be blended into one community life and where each generation will vie with the past to transmit to the next a city greater, better and more beautiful than the last.—Mayo Fesler, Secretary of the Civic League of Cleveland, O., in New York Independent.

## A POET IN A PANTRY.

The Surprise That Awaited Tom Taylor, the Playwright.

Writing of Tom Taylor, the famous playwright and former editor of Punch, Leslie Ward in "Forty Years of 'Spy'" says:

"At dinner his appearance was remarkable, for he usually wore a black velvet evening suit. A curious trait of the dramatist's was his absentminded manner and forgetfulness of convention. Sometimes when walking in the street with a friend he would grow interested and to emphasize his remarks turn to look more directly into the face of his companion, at the same time placing his arm around his waist. In the case of a lady this habit sometimes proved rather embarrassing.

"Mr. Tom Taylor was a man of unbounded kindness in helping everybody who was in need of money or in trouble. \* \* \* One day Mr. and Mrs. Taylor returned from a walk to be met by a startled parlormaid, who announced the presence of a strange looking man who was waiting to see them. Her suspicions being aroused by his wild appearance, she had shown him into the pantry, fearing to leave him in the drawing room. On repairing to the pantry with curiosity not unmixed with wonder they discovered—Tennyson!—quite at home and immensely tickled by his situation.

# 8-MILE HIKE IS "ENJOYED" BY COMPANY M

Drilling Five Hours Each Day Continues and All Are Eager to Go—Rookies Get Special Attention—“Smokes” Enjoyed By All—Greenfield Man Makes New Record for Recruits.

Company M is settling down to business, and eagerly awaiting the call to mobilize at Columbus, and the first questioning usually asked by both officers and men is “Any news?”

Enlistments are progressing more rapidly, and so far the honors for recruiting belong to Private J. W. Strange, of Greenfield, who has been instrumental in obtaining nine new recruits and expects a number of others within the next 24 hours. He spent Thursday and Thursday night in Mt. Sterling, and Friday morning appeared at the Armory with six recruits, who were soon enrolled and in uniform.

While in Mt. Sterling he obtained a number of prospects and returned to that town on the late train Friday morning, expecting to bring back another half dozen recruits by Saturday.

Sergeant Ferguson at Wilmington obtained three recruits Thursday, and is continuing the work. Other recruiting officers sent out to surrounding towns are reporting many prospects, and with an increase in local recruiting the indications are that Company M will have 100 or more men when the order comes to move within the next two or three days.

The troops are being held in readiness so that if the call comes immediate response may be given.

Friday morning the company had an eight mile hike about the city and near the city, coming in about ten o'clock and after a short rest they left their guns at the Armory and marched in a body to the Y. M. C. A. where all privileges have been thrown open to them, and all enjoyed the shower baths.

Thursday afternoon two boxes of “Full Weight” cigars were sent to the Armory for Company M, with compliments of the Dahl-Campbell Branch, and again at night a similar donation was made by the firm, to the great delight of every officer and man in the company.

Most of the men were held at the Armory Thursday night, lest a call to go to Columbus come in earlier than expected.

With the exception of a few score more feet the men are in fine health and excellent spirits.

The “rookies” are receiving special drill work, and are being coached in the rules which govern the conduct of the men.

Not a complaint has been made against the deportment of any member of Company M.

The enlistments of the company are third compared with the other companies of the Fourth Regiment.

The company is now a part of the National Guards of America instead of plain Ohio National Guards.

## BIG DEMONSTRATION FOR H. M. DAUGHERTY

While the Republican State Convention was under way at Columbus a big demonstration was made for Hon. H. M. Daugherty, for United States Senator, some 500 of the delegates marching to the Neil house where Mr. Daugherty was located and clamoring until he appeared in the lobby and addressed them.

Delegates from this city who attended, state that the convention hall had all the earmarks of the old time conventions, with plenty of interest and enthusiasm, and that during the entire time the rooms of Mr. Daugherty were filled to overflowing with delegates and friends.

## ADMITS GUILT DRAWS \$300

Joseph Parker, Good Hope restaurant keeper arrested last week upon a charge of keeping a place where intoxicating liquors were sold, faced Mayor Oster, Friday morning, and was fined \$300 and the costs, paying \$150 down and promising to pay \$50 Saturday and the remaining \$100 and costs within the next six months.

The man was represented by City Solicitor Whittaker of Greenfield, and by his admission of guilt lays himself liable to the Dow tax which probably will be assessed in the near future.

Foster's arrest occurred when two sleuths from Columbus visited his place and discovered a large stock of booze.

## CALL IS ISSUED BY THE CAPTAIN

Following is the call issued to the young men of Ross county by Captain Louis S. Houser, of Company H, Chillicothe, and the same appeal can well be applied to Washington and Fayette county:

### WILL YOU ENLIST?

“Company H leaves Friday for Columbus and then for the Mexican border.

“Shall the contribution of Chillicothe and Ross County toward our country in its time of need, be represented by a militia company, not recruited to its full war strength?

“The President has ordered out the militia. Company H has been commanded to report with 141 men. It is far short of that number now.

“Citizens, do you want an indictment to stand against your community, the indictment that it failed its country in a national crisis?

“Chillicothe and Ross County have always been known to respond nobly to their country's call. No war, but what the men, both young and old, have offered themselves to help preserve the nation.

Young men, will you help? Will you raise Company H toward its full war complement? Will you remove the indictment that is facing your city and county?

“WILL YOU ENLIST?

Signed:

“LOUIS S. Houser,

## COMPANY “M” IS ENTERTAINED BY THE D. T. CLUB

Royal Good Time Given the Boys By Business Men of the City —Feast of Oratory Followed Banquet Spread.

Company Gives Drill on Main Street, Which Was a Revelation to the Citizens.

The generous and public spirited business men of the city, who make up the Dutch Treat Club, were hosts Thursday night at a banquet, given in honor of the local company of the Ohio National Guard.

The boys were entertained with an informal musical just before the “feed.” Miss Edith Gardner sang “Columbia the Gem of the Ocean,” and “Battle Hymn of the Republic,” with the entire audience joining in the chorus. Miss Ada Woodward sang “Keep the Home Fires Burning,” and “Tipperary,” and Miss Ruth Reid played “Shadow Dance,” by MacDowell.

The banquet, served in three sumptuous courses, was well prepared and much enjoyed by the boys. It was enlivened by an excellent musical program rendered by Whelley's Orchestra. “Smokes” were furnished by the Dahl-Campbell Company. Members of the Dutch Treat Club served the banquet tables.

Dr. Hughey presided at the enthusiastic speech-making that was given in the lobby immediately following the banquet. He said that he could appreciate the disadvantage of “unpreparedness” when he was called upon to speak. He prefaced the speeches that followed with entertaining and appropriate jokes.

The speeches that followed by Hon. C. A. Reid, Rev. W. B. Gage Rev. Stone, Major Rell G. Allen, Capt. O. E. Hardway, First Lieut. Billie E. Paul, Second Lieut. W. W. Curtiss, Private Don Calwell although dealing with slightly different phases of the situation, tended to emphasize the value of “preparedness” and to pay stirring tributes to the men who are willing to sacrifice their many civilian advantages to go into active service for the defense of their country.

The Company gave a drill in front of the Y. M. C. A. at the close of the program inside. Their excellent work caused much favorable comment and when Captain Hardway marched his company away from the appreciative audience in front of the Y. M. C. A. home on N. Main street and east on Court street to the armory a volley of enthusiastic applause followed the marching men.

The drill on Main street was a rare treat for the spectators, and the marked efficiency exhibited by the officers and men was a guarantee that Captain Hardway's company will rank high in the service.

## GET BEHIND THE WASHINGTON BAND

The secret of the success of the Greenfield band lies in the simple fact that Greenfield itself is back of the band, and by support from year to year—support that is not a burden upon anyone—the organization has grown until Greenfield is famous as much for Price's Band as for any other single reason.

Washington possesses the same musical talent, or that part not possessed, could be quickly assembled if the Band is given the support that is generally accorded musical organizations in other cities.

At the present time the Washington Band is in a position to go forward by leaps and bounds if accorded proper support, and Washingtonians and citizens from the immediate vicinity will have the first opportunity next week when the first of a series of concerts will be given to the public. This concert will be given at eight o'clock Wednesday night of next week, and the band will have 25 pieces, probably more.

Twenty-five men banded together, using musical instruments costing from \$10 to \$100 each, devoting their time to rehearsals, buying expensive music and employing special players because some member drops out now and then, find little encouragement, it is pointed out, unless the citizens back the organization financially, and each person enjoying the result of the hard work of the men paying a nominal fee for the entertainment accorded.

A half score or more of splendid musicians in this city do not own musical instruments because of lack of support heretofore, and with the financial support which Greenfield gladly gives to the band in that place, these men would soon be added to the organization.

Business men also can aid by applying to the band management when they are in need of new employees so that a musician from some other point may be brought to the city.

A Greenfield citizen recently stated that it was up to the individual to give support to band, not merely the business men of the city.

I. O. O. F. NOTICE! Temple Lodge 227 will meet at the lodge room, Saturday at 9:30 a. m. prompt, to attend the funeral of Brother Ralph Allen. Will march to the home and from there to Grace M. E. church, where the funeral will be held at 10 a. m.

## URGE EMPLOYERS TO SHOW PATRIOTISM

Gentlemen:

In the crisis brought about by the development of our relations with Mexico and the resultant call by the President of the United States for the mobilization of our state troops, there is an appeal to the patriotism of the employers of Ohio.

Many of them have responded promptly by issuing bulletins granting to all employees enlisted with the state troops leave of absence with assurance of restoration to their employment upon return from service.

Many employers who are able to do so have gone much further and announced that full or partial pay will be continued to these men while on military duty.

May we not urge that you promptly give to your employees such assurance against their loss of employment and thus aid the military authorities to secure the recruits to

fill Ohio's quota under the present or subsequent calls by the President of the United States?

We suggest the posting of a bulletin substantially in the form herewith.

Ohio Manufacturers' Association.

In providing for her you may be providing for the needy old age of yourself and wife, either or both. So we repeat, “Sit down and think it over.” Buy a Northwestern policy—it's cash for future delivery. W. M. Mitchener, Agent.

## In Social Circles

Honoring the delightful college girls for whom there has been an unusual round of gayeties the past week, Miss Jean Fitzgerald gave a beautiful garden party Thursday afternoon.

The fickle weather which so often interferes with out of door fetes, contributed an ideal June day and the vivid green of the wonderful terraced lawn fitted in to perfection as a background for the bright color scheme of pretty summer toilettes.

Miss Fitzgerald received with the honor guests in the library of the spacious home. The extreme prettiness of her blond type was well set off by a ruffled gown of white organdie, with apple green sash.

Miss Mala Manners, of Frenchtown, N. J., was charming in an elaborate gown of white embroidered net, with three tier skirt.

Miss Esther Dahl, of Duluth, Minn., wore a modish gown of gray taffeta and georgette crepe.

Miss Dorothy Land, of Richmond, Ind., a striking blonde, was gowned in Copenhagen blue crepe meteor with trimmings of blue plaid net.

Miss Charlotte Flint, of Spencer, Iowa, was attractive in white net with garniture of pink.

The large rooms were embowered in honey suckle, luxuriant ferns and palms, adding stately decoration.

Honey suckle vines also adorned the verandah, upon which punch was served all afternoon.

The younger sets were fully represented in the fifty guests who grouped in merry chat on the lawn and enjoyed the tempting summer collation served.

Miss Emily Tansey won a white kid card case in a peanut doll contest which was a novel diversion of the afternoon.

Assisting in the hospitalities were Mesdames Harry Fitzgerald, J. A. Worrell, Foster Lane, Misses Carrie Willis, Bess Casey, Jeanette Weaver, Lora Ellen Tharp, Jane Paul and Margaret McDonald.

In addition to the honor guests, those from out of town were: Misses Helen Beale, Marion Kennedy, Elizabeth Kennedy, Mt. Sterling; Miss Rose Weabel of Hagerstown, Md.; Misses Dorothy McDowell and Kathleen Parker of Bloomingburg.

The McLean country home never presented a more radiant picture of summer beauty than on Thursday afternoon, when Mrs. Charles McLean gave a Bridge-luncheon of artistic appointments and exceptional pleasure.

The guests included seven tables of society matrons and maids, who, together with the hospitalities of the afternoon, enjoyed meeting Mrs. Will Riddle, daughter Hildreth, Mrs.

## PARTY PLATFORM ADOPTED

Ohio Republican Convention Hears Governor Willis Make an Urgent Appeal For Recruits For the Ohio National Guard—Three Candidates For Senatorial Nomination Deliver Speeches—Work of Final Session.

Columbus, June 23.—At the final session of the Ohio Republican convention there was a brief contest over the taxation plank of the platform adopted by the convention.

Mayor Harry Davis of Cleveland made a fight for a plank giving cities all of the \$1,000 liquor tax and two-thirds of all revenue from autos licensed in the cities. He offered it as a substitute for the majority report, which declares cities shall have a right to increase their tax rate by vote of the people. The Davis amendment was defeated, 809 to 149.

The convention by acclamation, elected former Attorney General U. G. Denman of Toledo and State Executive Chairman Edwin Jones of Jackson presidential electors-at-large.

Governor Willis, in an address, departed from his set speech and launched into an appeal for recruits for the Ohio national guard. "Appeal to the Republicans of Ohio to help fill up the companies of the Ohio national guard. Don't forget that in the civil war 350,000 men went into the ranks of the Union army from the state of Ohio. We also furnished commanding officers for other states—Grant, Sherman, Sheridan, McPherson, the fighting McCooks, and J. Warren Keifer." Keifer was in the hall and received a great ovation.

The governor criticised the Wilson administration for having furnished arms and ammunition to Mexico in months past. "But this is no time to go into causes," the governor shouted. "Let's every last son of us stand by Old Glory."

Following Governor Willis, the candidates for the party nomination for United States senator—Myron T. Herrick, Harry M. Daugherty and Charles Dick—were trotted out "so you can look 'em over," according to Chairman Cole. Each spoke briefly. When Judge D. D. Woodmansee of Cincinnati was called he announced his withdrawal from the senatorial race.

### Republican Platform.

The following is the party declaration of principles as adopted by the convention:

We, the Republican party of Ohio, in convention assembled, hereby promulgate the following platform:

We unqualifiedly endorse and pladge our support to the Republican national platform and the national candidates of the party, Charles E. Hughes and Charles W. Fairbanks.

# Roxabell Woman Looks Like The Picture of Health Now; Tanlac Worked Like a Charm

To appreciate the full significance of the following story, of Tanlac, told by Mrs. Lottie Smith, of Roxabell, Ross County, Ohio, it is necessary to have some understanding of this remarkable tonic. Briefly, Tanlac is a composition of roots, barks and berries gathered from many parts of the world and blended into a medicine, especially designed to make good, rich, red blood—to aid the stomach in digesting food—to cause natural kidney and bowel action.

"I suffered from headaches and nervousness and pains in my side," said Mrs. Smith, in discussing how Tanlac had restored her.

"Yes, I lost my appetite and a friend of mine advised me to take Tanlac. I took her advice and found great relief. It is because of the fact that I was relieved of my suffering that I advise other women who suffer to take it."

"People say I look like the picture of health now. I know that I am not bothered with headaches and my nerves are better."

Tanlac is proving a revelation to

pride the influence which Hon. Warren G. Harding, elected by them two years ago to the senate of the United States, has already achieved in that body and the eminence he has attained in the national councils of our party.

We unqualifiedly endorse the administration of Governor Frank B. Willis and each of the other elective Republican state officials, and pledge our support to their re-election. Notwithstanding the many obstructions that petty partisan politics placed in the way, these officials have saved the state of Ohio thousands upon thousands of dollars. The administration of state affairs has been placed upon a business basis; useless jobs have been abolished; extravagant salaries reduced; a full day's work has been demanded and received from public employees; neither the harsking department nor any other branch of the public service has been used either to punish enemies or reward friends; a gigantic personal political machine has been overthrown and self-government has been restored.

### Work of Legislature.

The Republican legislature redeemed the platform pledges of 1914. Among the more important enactments attention is called to the following:

The Parrett-Whittemore tax law, which repealed the Infamous Warner law, thereby abolishing costly machinery and restoring to the people the right to elect their local taxing officials—a right which the preceding Democratic administration had taken away.

The Cass highway law, codifying and systematizing the road legislation of Ohio—the first law of the state to make compulsory the maintenance and repair of improved roads.

The Lloyd loan shark law, for the protection of the wage earner against the rapacious of the user—a measure killed by the preceding Democratic administration.

The Winslow rate suspension law, giving to the public utilities commission the power to regulate and suspend freight rate advances.

Specific and limited appropriations of the public revenue, making impossible salary and expense juggling; lump sum appropriations and the abuses possible thereunder are now things of the past.

A genuine civil service law honestly administered, doing away with farcical competitive examinations.

A law giving common pleas courts authority to determine the sufficiency of initiative and referendum petitions, thereby abolishing the arbitrary power of the secretary of state as assumed and exercised in the preceding administration.

The Smith-Mallow agricultural law, abolishing the high-salaried agricultural commission and placing the agricultural department and the farming interests of the state under the control of real farmers.

More legislation was passed for the preservation of the public health than during any preceding session of the legislature.

### One Per Cent Tax Limit.

When the Republican party is unalterably opposed to impairing the protection afforded the people by the 1 per cent tax limitation law. However, recognizing the pressing financial needs of municipalities, we favor authorizing the electors of each municipality to decide for themselves whether they will assume a greater rate of taxation for the purpose of caring for the interests and sinking fund charges for existing municipal indebtedness, such authority being in keeping with the party's position as to local home rule.

We pledge our support to any legislation tending to bring about industrial peace and contentment and a better feeling between employer and employee, and to the end that such legislation may be devised, urge that representatives of each interest meet in a spirit of good will and conciliation for the purpose of agreeing, if possible, on recommendations mutually satisfactory to be made to the next general assembly. We pledge our representatives to the enactment into law of such recommendations and of a law insuring every laborer the equivalent of one day's rest in seven.

The people and business in general need a legislative rest. We favor the shortest possible session of the legislature, sufficient only to enact absolutely necessary legislation. We favor the strict enforcement and thorough testing out of the laws already on the statute books. The people should be given a chance to become acquainted with the many laws already enacted.

We pledge the Republican administration to a continuation and extension of the practice of every economy consistent with efficiency; to the abolishment whenever practicable of offices and employments; to the strict enforcement of all laws; to a careful stewardship of public funds and public property; to the continuation of the upbuilding and keeping in repair of our roads by the most approved methods; to the protection of the workman's compensation law and the strengthening of it for the benefit of the workman wherever and whenever possible; to the betterment of labor conditions, and to co-operation in any movement for human welfare.

# ASSAILED LINES OF RUSSIANS

Teutons Vigorously on Offensive in Volhynia.

### RUSS CAPTURE RADAUTZ

Drive Their Forces Farther South In Bukowina and Take More Officers. Men and Guns—French Retake Most of the Ground Lost Northeast of Verdun—Review of Operations Elsewhere.

London, June 23.—Dispatches from the eastern front indicate that the Russian drive westward has been checked. The Teutons in Volhynia are vigorously on the offensive. Along the Stockhod river, west of the Styri, in the region of Sokul, and still further west around Mylisk, sanguinary engagements are in progress.

In these encounters the Russian war office says the Germans and Austrians have been repulsed, while Berlin declares that on both sides of the Turia river and southward from Sviniaukhi to Grochow, the Russians have been driven farther back and that northwest of Lutsk the Russian attempts to dispute German successes were without result.

On the Stripa, in Galicia, the Russians have taken portions of the trenches of the Teutonic allies near Gaivoronka, and further south in Bukowina have driven their forces forward southward and captured Radautz, about thirty miles below Czernowitz, and taken more officers, men and guns.

From north of the Pripet marshes to the region of Riga the Germans again have opened what apparently is a general offensive, heavily bombarding Russian positions or throwing

violent infantry attacks against them.

On both sides of the River Meuse, in the region of Verdun and to the east of the fortress in the Woevre at the foot of the Meuse Hills, the Germans are heavily bombarding the French. Especially heavy are the attacks against Hill 304 and Le Mort Homme, northwest of Verdun, and northeast of the fortress around Thiaumont, the Vieux Wood, Capitre and Fort Laufee. In a counter attack the French have retaken from the Germans most of the trenches the

Germans captured between the Fum Wood and Chenois, northeast of Verdun.

The Germans near Givenchy captured British trenches, but later were driven out, suffering losses in the counter attack.

## PRESBYTERIANS

## WALLOP THE Y

The Presbyterians placed themselves safely in the lead by walloping the Y. M. C. A. aggregation by a score of 8 to 1 Thursday evening.

Gregg's pitching for the Presbyterians was decidedly the feature of the game. He fanned nine in the four innings played. Judy caught a good game.

The errors on the part of the "Y" were largely responsible for the large score made by their opponents. Melvin pitched.

The hitting of the Presbyterians was good, Gregg sending out for two bases. The "Y" team made three clean hits but the fine infield work of the Presbyterians prevented more runs.

Noon umpired the game.

METROPOLITAN SHOWS  
WILL ARRIVE SUNDAY

A carnival without confetti, whips or rubber balls is something new, but when the Metropolitan Shows come to this city next week and pitch their many tents on the old fair grounds, such a show will have arrived in the city.

The shows coming next week are pronounced clean and of a high class, and when recently exhibited in Chillicothe, received the official O. K.

The shows are made up of 16 paid attractions, three free acts and carrying two bands. 175 people are with the shows, and a special train of 15 cars is used to move the company from place to place. They will arrive in this city Sunday about noon.

A number of really notable features are carried by the show, including Matty Matsuda, lightweight champion wrestler of the world, who will meet all comers up to 150 pounds. He weighs 130 pounds.

El Paso, Texas, June 23.—American guns command the situation at every important border point today.

Field artillery has been mounted on hillocks, in the larger communities the noses of their guns pointing in a southerly direction, while in the smaller towns machine gun detachments have been stationed.

Military authorities here and in other border encampments announce that every preparation has been made for possible hostilities.

Reports current in Mexican circles that General Obregon, Mexican Minister of War had issued a manifesto offering to accept the services of all rebel leaders in the event of hostilities with the United States, found confirmation in the fact today that a number of Mexicans who had been exiled for political reasons, had crossed into Juarez.

Early today a rumor spread throughout El Paso that a detachment of General Pershing's command had engaged Carranza troops near Nampiquipa.

This was denied, however, by local military authorities and by the base commander at Columbus, N. M.

Lima, Peru, June 23.—A lengthy note from the Mexican Minister of Foreign affairs was received today at the Foreign office.

It sets forth the opinion of the Mexican Government that war with the United States was inevitable, on account of the methods employed by the American Government, and pointing out that all the republics of Central and South America would be affected by the conflict.

The Peruvian Government returned a carefully worded reply, couched in friendly terms and expressing hope that peace would be maintained.

## GUARDSMEN WILL GO DIRECT TO BORDER

Secretary of War  
Baker So Orders  
Today.Immediately Upon  
Organization,  
Without Waiting  
for Completion of  
Mobilization,  
Troops, Will Be  
Rushed to Border.Commanders Are Re-  
quested to Notify  
Gen. Funston as  
Soon as Troops  
Are Ready.Separate Regiments  
May Be Sent Out.

By Associated Press Dispatch.

WASHINGTON, JUNE 23.—SECRETARY BAKER TODAY ISSUED ORDERS TO ALL ARMY DEPARTMENTAL COMMANDERS TO SEND TO THE MEXICAN BORDER ALL MILITIA AVAILABLE IMMEDIATELY UPON THEIR ORGANIZATION, WITHOUT WAITING FOR COMPLETION OF THE MOBILIZATION OF THE SEPARATE STATES. THE COMMANDERS WERE REQUESTED TO NOTIFY GENERAL FUNSTON WHEN EACH REGIMENT, TROOP, BATTERY OR OTHER UNIT COMPLETES ITS MUSTER.

GENERAL FUNSTON WILL INDICATE WHERE HE WISHES THE FORCES TO BE SENT IN EACH INSTANCE, AND THE DEPARTMENTAL COMMANDER WITHOUT FURTHER INSTRUCTIONS FROM WASHINGTON WILL ARRANGE TRANSPORTATION AND SEND THEM FORWARD.

TODAY'S ORDERS ARE EXPECTED TO RESULT IN THE IMMEDIATE MOVEMENT TOWARD THE BORDER OF SEPARATE REGIMENTS FROM MANY STATES WHOSE ENTIRE NATIONAL GUARD STRENGTH HAS NOT BEEN ASSEMBLED.

## DIRECT ACTION

The entire operation will be carried out between General Funston and departmental commanders.

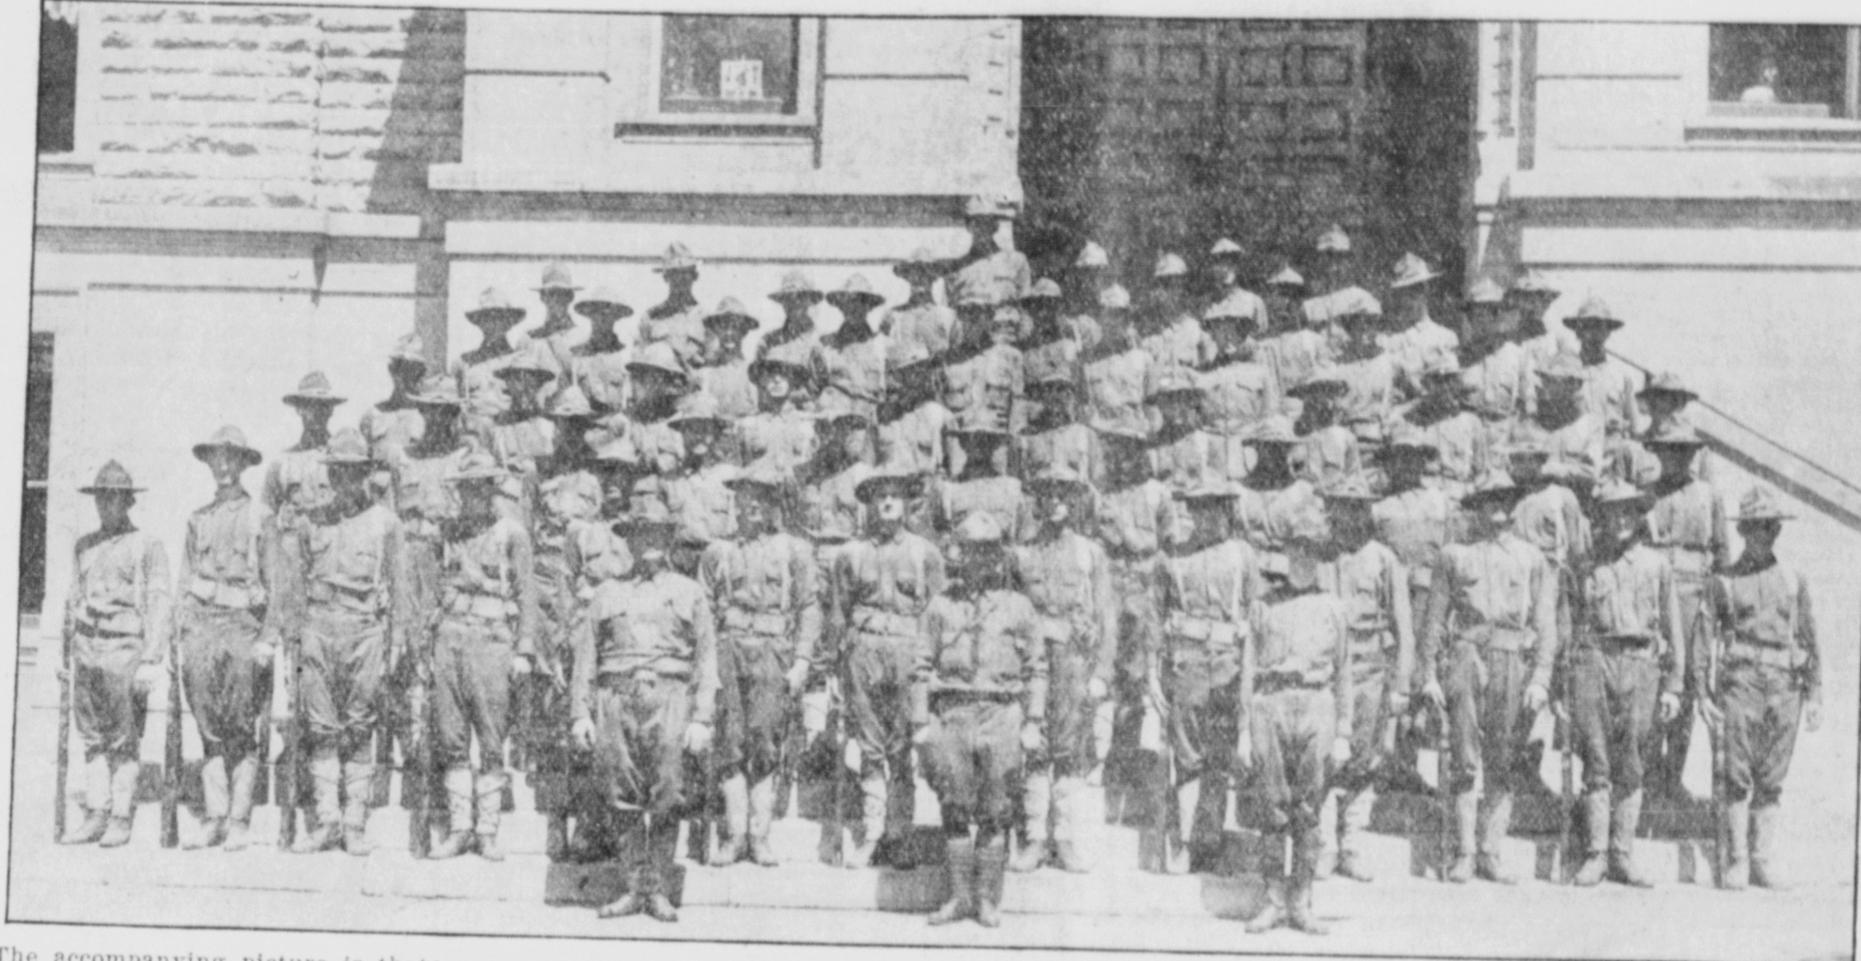

The War Department will know what is proceeding only as a matter of information on reports submitted after the fact by the departmental commanders.

The object aimed at is to eliminate all unnecessary delay and red tape in getting the guardsmen to the front.

## PERSHING'S REPORT

Associated Press Dispatch. Washington, June 23.—A preliminary report from General Pershing of the Carrizal fight, based on stories told by stragglers reaching the headquarters of the American expedition, was taken to the White House today by Secretary Baker. The Secretary said General Pershing did not regard the report as

LATEST PICTURE OF COMPANY M, NATIONAL GUARDS UNITED STATES

The accompanying picture is that of Company M, Fourth Regiment, National Guards of the United States taken as the Company posed on the front steps of the Court House Thursday morning.

The men appear in their khaki field uniform, minus coats. Owing to the peculiar color of the service uniform a soldier at a short distance

so merges into the ordinary background that he makes a poor target. Quite a number of the men were looking after recruits or on duty at the Armory when the picture was taken, and only 61 are in the above group.

The three men in front, left to right are: Capt. O. E. Hardway; First Lieutenant Billie E. Paul and Second Lieutenant Wm. M. Curtiss. Left to right, the men are:

an official statement and indicated that no attempt to decide the course to be pursued by the United States would be made until a complete account had been received.

In the meantime, the preliminary report will not be made public, although it is understood to substantiate the version given in border dispatches last night—that the Americans were attacked after being called into a false parley with General Gomez.

Officials are worried over the delay in getting news from the surviving officers of the Tenth Cavalry detachment which engaged a superior force of Mexicans.

Of the 47 remaining of the troops only a few stragglers reached General Pershing's headquarters yesterday, and today there has been no word from the two cavalry troops sent out to get in touch with the shattered command. General Pershing hopes for a report by courier sometime today.

Secretary Baker denied a rumor of plans for an immediate call for volunteers to be added to the Regular and National Guard forces and he also said there had been no additional orders for troop movements.

Hope persisted among officials today that war against Mexico would not become necessary.

Dispatches from Mexico City indicated that the leaders of the Carranza Government are showing a similar attitude.

The outlook, however, was far from bright, and orders have now been issued for the transportation of 10,000 National Guardsmen to the border from Central and Western states as soon as they are ready for service.

Considerable confidence was expressed by the War Department officials in dispatches from San Antonio giving an American version of the Carrizal fight as being "an unprovoked attack on the Americans at the conclusion of a parley with the Mexican commander."

OHIO GUARDS  
WAIT ORDERS

"Watchful Waiting" Characterizes the Situation at Columbus—Mobilization Station.

By Associated Press Dispatch.

Columbus, O., June 23.—Adjutant General Hough announced late this afternoon that he had received no orders to move separate regiments of Ohio troops to the border without waiting for the full military strength of the state to be assembled.

However, official orders usually are received from the War Department several hours after they are carried in press dispatches.

National Guard officers believe that the new orders issued in Washington would not mean that concentration camp here would be abandoned. They stated they believed all Ohio troops would be first assembled here to be mustered into the federal service and fully equipped.

The first troops are expected to arrive at Camp Willis Monday.

By Associated Press Dispatch.

Columbus, O., June 23.—"Watchful Waiting" is the term which most adequately characterized the status of the Ohio National Guard mobilization today.

At their home stations throughout the state, organization commanders and enlisted men are awaiting word from Adjutant General Hough, of Columbus, to proceed to the camp.

Mustering officers detailed by the War Department officials are expected to arrive here today.

Major H. M. Bush, of Columbus, commander of the First Battalion of Field Artillery, today announced that a "sausage" balloon, such as is now in use by foreign governments in the European war for artillery

observation purposes, is being manufactured by an Akron rubber company and is near completion and will be ready for the use of the battalion along the border.

Three hundred Ohio Penitentiary prisoners were today taken from their work inside prison walls and placed at work in preparation of Camp Willis. The prisoners were practically without guards.

Rivalry has stimulated Ohio recruiting.

HOUSE PASSES  
THE DRAFT BILL

By Associated Press Dispatch.

Washington, June 23.—In an amendment to the resolution authorizing the President to draft into the federal service immediately all

National Guardsmen willing to take the oath, the House today unanimously declared that an emergency now existed necessitating a call of state troops.

A new section of the bill, offered by Representative Hay and also unanimously adopted, would appropriate not exceeding \$1,000,000 for allowances, not to exceed \$50 a month to dependents of National Guardsmen with no other income than the guardsman's pay.

By Associated Press Dispatch.

Washington, June 23.—Immediate action on his resolution authorizing the President to draft into the federal service National Guardsmen willing to take the oath under the new army law, was asked in the House today by Chairman Hay of the Military Committee.

At the same time he offered an amendment to declare that the emergency for the draft now exists, instead of leaving the question to be determined by the President.

The Hay resolution as amended was adopted by a vote of 332 to 2.

James Rodgers, the United States diplomatic representative at Mexico City, will arrive here sometime today with special train, bringing refugees from Real Del Monte and Pachuca in twelve box cars.

LITTLE CHILD  
VOLUNTEERS

Governor Willis Receives Letter From an 8-Year-Old Offering Services to Nation.

By Associated Press Dispatch. Columbus, O., June 23.—"And a little child would lead them," was the grave command of Governor Willis this morning when he found in his official correspondence the following letter, scrawled in childlike handwriting:

"Cincinnati, O., June 21, 1916.  
Governor Willis:

"I am almost 8 years old and want to be a volunteer in the Mexican war and want you to send me a gun and a sword and a pistol and an American flag.

"Bobby Cartwright.

"Baker Place, Walnut Hills." While Bobby is a little premature in his tender of service, according to Governor Willis, there is a serious sentiment in his letter which would call forth a respectful reply of the chief executive of the state to a patriot.

JAPAN REFUSES  
MEXICAN ORDER  
FOR AMMUNITION

Tokio, Japan, June 23.—The Mitsui Company informed a representative of the Associated Press today that it recently received inquiries from the Mexican government as to whether it could supply ammunition and arms.

The company replied that this was physically impossible as it had more orders than it could fill from Japan.

# MILITIA IS ORDERED TO BORDER

Baker Selects Guardsmen of Three States.

PEACE STRENGTH IS 16,000

Latin-American Envoys Informed by Secretary Lansing That If the United States Finds It Necessary to Declare War, It Will Not Have For Its Object Intervention in the Internal Affairs of Mexico.

Washington, June 23.—Secretary of War Baker confirmed the report that the war department had ordered the national guard of California, Missouri and New Mexico to proceed to the border. They will be sent to points on the border to be designated by General Funston. The total required peace strength of these organizations is about 16,000. The adjutant general's department has no detailed information as to the condition of these troops, or as to when they might be ready to start.

Reports being received generally from throughout the country are not encouraging concerning the physical condition of the militiamen and the war department fears that a large proportion will have to be rejected on this score.

After conference with the president at the White House, Secretary Baker carried to the capitol and presented to Chairman Hay of the house mili-

tary affairs committee a prepared copy of a resolution authorizing the president to draft the militia into the federal army for foreign service.

According to the impression conveyed by advisers of the president, the administration, even should it develop that the Mexicans were the aggressors in the Carrizal attack, may not start any aggressive action.

Eliseo Arredondo, Mexican ambassador designate, presented to Secretary Lansing a communication received from Cándido Aguilar, Mexican minister of foreign relations, concerning the affair at Carrizal. The note holds the American troops responsible for the engagement.

If the United States finds it necessary to declare war against the de facto government of Mexico it will not have for its object intervention in the internal affairs of Mexico.

Formal notice to this effect has been sent by Secretary Lansing to the representatives here of the republics of Central and South America. The text of the notice, dated June 21, and prepared before information was received here of the clash between American and Carranzista troops at Carrizal, was made public at the state department today. It reads as follows:

Lansing to Latin Envys.

I enclose for your information a copy of this government's note of June 20 to the secretary of foreign relations of the de facto government of Mexico on the subject of the presence of American troops in Mexican territory. This communication states clearly the relations existing between this government and the de facto government of Mexico, and the causes which have led up to the present situation.

Should this situation eventuate into hostilities, which this government would deeply regret and will use every honorable effort to avoid, I take this opportunity to inform you that this government would have for its object, not intervention in Mexican affairs, with all the regrettable consequences which might result from such a policy, but the defense of American territory from further invasion by bands of armed Mexicans, the protection of American citizens and property along the boundary from outrages committed by such bandits and the prevention of future depredations by forces of arms against the marauders infesting this region and against a government which is encouraging and aiding them in their activities.

Hostilities, in short, would be simply a state of international war, without purpose on the part of the United States other than to end the conditions which menace our national peace and the safety of our citizens.

(Signed) ROBERT LANSING.

Secretary of State.

Officials declare that the notice was not to be regarded in the light of a pledge that the United States would not, if forced to such an extreme by subsequent events, intervene.

The war department was still awaiting an official report from Brigadier General Pershing concerning the fight at Carrizal. Until such a report is received, it was stated in administration circles, the president will make no move.

Advices received in diplomatic quarters from Mexico City report that Carranza and his advisers are in state of alarm over the turn affairs have taken and impressed by the determination by the United States government, as displayed in the mobilization of the militia forces. Administration officials fail to see, however, what course could be taken to bring about an adjustment of difficulties by diplomatic process. It is admitted that the time for proposing arbitration has passed.

## U. S. SUGAR IN FRANCE

(Associated Press Cable)

Paris, June 23.—Two hundred tons of American granulated sugar distributed daily to retail grocers in Paris has relieved a tension that was becoming acute, particularly because of the importance of sugar in the Frenchman's morning coffee.

When the government recently intervened and fixed a maximum retail selling price of one franc 20 centimes a kilogram for sugar (equivalent to 12 cents a pound), stocks became invisible and the retail grocers began refusing to deliver sugar, that they had bought at one franc 60 in the expectation of further rise.

The housewives and cooks parried the manoeuvre by leaving on the grocer's counter the tea, coffee, and other things they had bought. In case the grocer had been bluffing, he produced the sugar rather than lose a customer.

Now there is plenty of the granulated to which Paris is unaccustomed, preferring the cut lumps, but which is gaining in favor.

Simultaneously with the distribution of granulated sugar, the authorities are moving against the wholesale dealers. A police ordinance requires the declaration at police headquarters of all quantities of sugar held by any person or association of persons in excess of 500 pounds; it also warns all dealers that over-bidding the official price, spreading of false reports about stocks and attempted combinations, pools, or corners, shall be rigorously punished by fines of 500 francs minimum and 10,000 francs maximum.

The Cincinnati Enquirer is authority for the statement that the Dahl-Campbell outing which leaves this city next week is the greatest outing party ever moved over a railroad.

The Enquirer says:

"What is believed to be the largest excursion party ever moving over a railroad will make the trip from Washington Court House, Ohio to Atlantic City, next week, when seven trains, occupied by retail grocers of Ohio, will pass through Washington, Baltimore and other Eastern cities.

The party will number two thousand and occupy forty-eight sleeping cars.

The first stop of the tour will be made at Washington where the business men and their families will be received by President Wilson.

At Baltimore they will be supplied with 2,000 lunches. The lunches will be prepared by the railroad dining car department and consist of Maryland delicacies.

Two dining cars will accompany each of the specials for the entire trip."

## SELL CHINESE COINS AT PROFIT

(Associated Press Cable)

Peking, June 23.—Thirteen thousand tons of Chinese copper cash valued at 4,360,000 Yen or about \$2,180,000 gold, was exported from Tsing-tau to Japan during the past year. A certain firm in Shantung still has in stock many thousand tons of the copper money, and it is estimated that at least twenty thousand tons in all have been gathered in by Chinese dealers in Shantung province since copper has become high enough in price to make it profitable to buy the coins.

The Chinese government has a law against the exportation of the square hole copper coins which Chinese carry on strings, but this has been disregarded by Japanese dealers. The value of the copper cash varies greatly in different parts of China. One Chinese copper cent is usually worth ten copper cash. As the silver dollar is worth about 135 copper cents, it could be changed into more than 1,300 copper cash an amount of copper far more valuable at present rates than the gold equivalent of a silver dollar, which is about 50 cents.

Mrs. John Haggard and Mr. Grant Taylor, of this city, were called to Circleville, Thursday evening, by the sudden death of their mother, Mrs. Mary A. Taylor, aged 78, who passed away at 1:20 o'clock after a very brief illness.

Mrs. Taylor was the widow of the late Jonathan Taylor, of Monroe township, Pickaway county.

## PRISONERS DO FARM WORK

(Associated Press Cable)

Harbin, June 23.—At least a quarter of a million of the prisoners of war and refugees which were in Siberia during the winter, have been sent back into Russia to do farm work. This has relieved the congested conditions in many districts and is lessening the work of the foreign Red Cross officials who are endeavoring to make the life of prisoners more endurable.

It is estimated that there are still seven hundred and fifty thousand refugees and prisoners in Siberia. Many of these have been sent to remote places far away from the Trans-Siberia Railway. American Red Cross worker are looking after the prisoners in the Amur River district of Eastern Siberia. In the territory west of Harbin, the relief work is chiefly in the hands of the Swedish Red Cross. Workers of that organization are providing medical supplies and endeavoring to better the social conditions in prison camps.

## The Call for Volunteers

The number of guardsmen in the actual service of the state, at the time the call for transferring the National Guard to the federal service was made, did not equal the full quota of troops which Ohio should furnish to the nation under the new federal army law.

Ohio guardsmen are now required to enlist in the federal service for a definite term and the enlistments, which began briskly at the time the call was first made, have not been coming in fast enough to guarantee securing the full number at the time the expected order to move south to the border is received.

The call for volunteers is a ringing appeal to Ohioans and will do much to fan the smoldering embers into the brisk flame of realization.

The lack of enlistments is due more to a failure to comprehend the true conditions than to a desire to shirk a duty.

Few people, comparatively, understand that the Ohio National Guard has any need to increase its numbers and few realize that there is opportunity yet for any save the regular active members of the guards.

There is not only the opportunity for those who desire to enlist in the service of the state and nation but this great commonwealth has called for men to come forward and fill up the ranks so that Ohio's force may equal fully the request made by the federal government and the glorious achievements of the past be equalled by the present.

## Politics Aside

Politics is compelled now to take the side track while events of far greater moment occupy the attention of the public.

The men who make a livelihood by joining issues, for political purposes, with officials charged with public duties are compelled, these days, to take their wares to a poor market.

Times like these disclose clearly to a public, not perhaps discerning enough under normal conditions, just how much chaff and how little of substance there is in many of our so-called campaign issues and how little of real justification there is in the turmoil and confusion of campaign times. Conditions like these emphasize the truth of the oft repeated assertion that about ninety per cent of the issues and "charges" so prominently displayed before the public at election times, are manufactured for campaign purposes.

It is encouraging though to note that nearly all of the real men in politics, as distinguished from those who live and thrive by creating issues of no real merit, have put a quietus on nonsensical activities and have become active in the matter of real moment.

The present crisis will do much to free the coming campaign of false issues and forestall a great deal of talk and noise over matters of no consequence.

Party leaders have been quick to realize conditions, have sensed correctly the public sentiment and exhibited a patriotism equaling expectations, so comprehensive and sincere that every attempt to create dissatisfaction with public officials, has been tabooed.

The United States, right now, has matters of far greater moment demanding the attention of the people than valueless campaign issues which spring from the fertile imagination of professional politicians.

Petty politics has no place now with the earnest American public.

## cherries Are Ripe

For the use of both men and robins nature has this year produced an abundant crop of cherries.

The cherry trees which early in the spring with their wealth of white blossoms looking like immense balls of pop corn have passed through the stage of rich bright green color when the blossoms faded and the fruit formed to the present beautiful red and green combination.

It is difficult indeed to determine in which garb, the white or the red and green, nature has made the cherry trees more attractive.

Right now, however, human beings are giving more attention to the creations of the kitchen which please the eye and taste too.

Man prefers his in the shape of a pie or a tart. Something about the size, shape and general appearance of a well-baked cherry pie, with crust just short enough to crush well under the fork, and brown enough to take away the dough white, filled to the thickness of about an inch with red cherries in a syrup of sugar not too heavy to take away the natural tartness, with some good rich cream over it—well that's hard to beat this time of year as a wind up for the meal.

The robins take their cherries straight, and if man can get any more real good out of a cherry than the robins get he either has a much stronger taste than the robin or the robin is a splendid actor.

The cherry trees, with men, boys and girls picking the ripe red fruit from every limb that can be reached and the robins taking the upper sections which can't be reached by human "pickers" the cherry trees present about the busiest realities out of doors right now.

Blown mist shrouding the heather, where rarely a sun ray smiles The wild, bleak, windy weather over the Orkney Isles; The mournful curfews crying, then sudden the deep sea doom For the last great man of a fighting clan, for Kitchener of Khartum!

Call the roll from the Black Prince down of many a valiant son, Marlborough, Cromwell who spurned a crown, and Wolfe and Wellington;

Lucknow's hero, brave of the brave, yet still there will be room For him whose grave is the green sea wave, for Kitchener of Khartum!

Tears, ye whose sires were Saxons, and ye whose sires were Danes. And ye who feel the Norman blood pulse hot within your veins! For where—where is another knight of the peerless plume Shall lead ye in your hour of need like Kitchener of Khartum! —Clinton Scollard, in the New York Sun.

## THE IDEAL CITY.

## A Vision of What May Perhaps Come to Pass in the Future.

A city, sanitary, convenient, substantial; where the houses of the rich and the poor are alike comfortable and beautiful; where the streets are clean and the sky line is clear as country air; where the architectural excellence of its buildings adds beauty and dignity to its streets; where parks and playgrounds are within the reach of every child; where living is pleasant, toil honorable and recreation plentiful; where capital is respected, but not worshipped; where commerce in goods is great, but not greater than the interchange of ideas; where industry thrives and brings prosperity alike to employer and employed; where education and art have a place in every home; where worth and not wealth give standing to men; where the power of character lifts men to leadership; where interest in public affairs is a test of citizenship and devotion to the public weal is a badge of honor; where government is always honest and efficient and the principles of democracy find their fullest and truest expression; where the people of all the earth can come and be blended into one community life and where each generation will vie with the past to transmit to the next a city greater, better and more beautiful than the last.—Mayo Fester, Secretary of the Civic League of Cleveland, O., in New York Independent.

## A POET IN A PANTRY.

## The Surprise That Awaited Tom Tayor, the Playwright.

Writing of Tom Taylor, the famous playwright and former editor of Punch, Leslie Ward in "Forty Years of 'Spy'" says:

"At dinner his appearance was remarkable, for he usually wore a black velvet evening suit. A curious trait of the dramatist's was his absentminded manner and forgetfulness of convention. Sometimes when walking in the street with a friend he would grow interested and to emphasize his remarks turn to look more directly into the face of his companion, at the same time placing his arm around his waist. In the case of a lady this habit sometimes proved rather embarrassing.

"Mr. Tom Taylor was a man of unbounded kindness in helping everybody who was in need of money or in trouble. \* \* \* One day Mr. and Mrs. Taylor returned from a walk to be met by a startled parlor maid, who announced the presence of a strange looking man who was waiting to see them.

Her suspicions being aroused by his wild appearance, she had shown him into the pantry, fearing to leave him in the drawing room. On repairing to the pantry with curiosity not unmixed with wonder they discovered—Tennyson!—quite at home and immensely tickled by his situation.

## ANCIENT MEDICAL HUMOR.

## Specimens From the Rome of Nearly Twenty Centuries Ago.

That there was no lack of medical humor in the classic days of Rome is made sure by the ancient epigrams of Martial of nearly 2,000 years ago. The London Lancet shows that the poet bore a grudge against the specialists of his day, for it seems they had this variety of practitioners then and pokes fun at the occultists and at the surgeons who indulged in clinical teaching. Of the latter he has a patient complain in good Latin, and this complaint has been made over into current English:

I lay ill, but soon Symmachus sought me. With a class of a hundred young men, Whose hundred cold paws have brought me.

The fever I lacked till then.

The Journal of the American Medical Association calling attention to the

medieval ways of the ancient city notes

that diseases due to luxurious habits

had multiplied greatly in Rome. What was called gout—that is, pains and aches in joints and muscles and the vague conditions that we now call rheumatism—had also greatly increased. Pliny, who was an older contemporary of Martial, says, "Gout used to be an extremely rare disease, not in the times of our fathers and grandfathers only, but even within my own memory." Although the gouty were usually rich and of luxurious habits, some of them evidently were not good pay. An evidence of this is thus given:

Diodorus, while he sues in court, On gouty feet can stand. But when the lawyer's bill is brought The gout sets fast his hand.

## Successful Salesmen.

In the American Magazine a successful salesman says:

"A salesman should look healthy. I formed a theory on that point a long while ago and have proved it since then more than a thousand times. At first I didn't know exactly why it was, but now I think I have succeeded in figuring out the psychology of the thing.

"In the first place, the best selling point for an article is to get it associated in the mind of the customer with success. Everything even remotely connected with the article that suggests success is a point which weighs in favor of the sale. If the salesman looks prosperous the customer unconsciously or subconsciously receives the impression that this prosperity grew out of the excellence of the article he is selling. The salesman should carry into a store an impression of success, prosperity and harmony. Now, the idea of complete harmony cannot be conveyed, as I look at it, without health."

# 8-MILE HIKE IS "ENJOYED" BY COMPANY M

Drilling Five Hours Each Day  
Continues and All Are Eager  
to Go—Rookies Get Special  
Attention—'Smokes' Enjoyed  
By All—Greenfield Man Makes  
New Record for Recruits.

Company M is settling down to business, and eagerly awaiting the call to mobilize at Columbus, and the first questioning usually asked by both officers and men is "Any news?"

Enlistments are progressing more rapidly, and so far the honors for recruiting belong to Private J. W. Strange, of Greenfield, who has been instrumental in obtaining nine new recruits and expects a number of others within the next 24 hours. He spent Thursday and Thursday night in Mt. Sterling, and Friday morning appeared at the Armory with six recruits, who were soon enrolled and in uniform.

While in Mt. Sterling he obtained a number of prospects and returned to that town on the late train Friday morning, expecting to bring back another half dozen recruits by Saturday.

Sergeant Ferguson at Wilmington obtained three recruits Thursday, and is continuing the work. Other recruiting officers sent out to surrounding towns are reporting many prospects, and with an increase in local recruiting the indications are that Company M will have 100 or more men when the order comes to move within the next two or three days.

The troops are being held in readiness so that if the call comes immediate response may be given.

Friday morning the company had an eight mile hike about the city and near the city, coming in about ten o'clock and after a short rest they left their guns at the Armory and marched in a body to the Y. M. C. A. where all privileges have been thrown open to them, and all enjoyed the shower baths.

Thursday afternoon two boxes of "Full Weight" cigars were sent to the Armory for Company M, with compliments of the Dahl-Campbell Branch, and again at night a similar donation was made by the firm, to the great delight of every officer and man in the company.

Most of the men were held at the Armory Thursday night, lest a call to go to Columbus come in earlier than expected.

With the exception of a few score more feet the men are in fine health and excellent spirits.

The "rookies" are receiving special drill work, and are being coached in the rules which govern the conduct of the men.

Not a complaint has been made against the deportment of any member of Company M.

The enlistments of the company are third compared with the other companies of the Fourth Regiment.

The company is now a part of the National Guards of America instead of plain Ohio National Guards.

## ADmits GUILT DRAWS \$300

Joseph Parker, Good Hope restaurant keeper arrested last week upon a charge of keeping a place where intoxicating liquors were sold, faced Mayor Oster, Friday morning, and was fined \$300 and the costs, paying \$150 down and promising to pay \$50 Saturday and the remaining \$100 and costs within the next six months.

The man was represented by City Solicitor Whittaker of Greenfield, and by his admission of guilt lays himself liable to the Dow tax which probably will be assessed in the near future.

Foster's arrest occurred when two sleuths from Columbus visited his place and discovered a large stock of booze.

## CALL IS ISSUED BY THE CAPTAIN

Following is the call issued to the young men of Ross county by Captain Louis S. Houser, of Company H, Chillicothe, and the same appeal can well be applied to Washington and Fayette county:

### WILL YOU ENLIST?

"Company H leaves Friday for Columbus and then for the Mexican border.

"Shall the contribution of Chillicothe and Ross County toward our country in its time of need, be represented by a militia company, not recruited to its full war strength?

"The President has ordered out the militia. Company H has been commanded to report with 141 men. It is far short of that number now.

"Citizens, do you want an indictment to stand against your community, the indictment that it failed its country in a national crisis?

"Chillicothe and Ross County have always been known to respond nobly to their country's call. No war, but what the men, both young and old, have offered themselves to help preserve the nation.

Young men, will you help? Will you raise Company H toward its full war complement? Will you remove the indictment that is facing your city and county?

### WILL YOU ENLIST?

## COMPANY "M" IS ENTERTAINED BY THE D. T. CLUB

Royal Good Time Given the Boys  
By Business Men of the City  
—Feast of Oratory Followed  
Banquet Spread.

Company Gives Drill on Main Street, Which Was a Revelation to the Citizens.

The generous and public spirited business men of the city, who make up the Dutch Treat Club, were hosts Thursday night at a banquet, given in honor of the local company of the Ohio National Guard.

The boys were entertained with an informal musical just before the "feed." Miss Edith Gardner sang "Columbia the Gem of the Ocean," and "Battle Hymn of the Republic," with the entire audience joining in the chorus. Miss Ada Woodward sang "Keep the Home Fires Burning," and "Tipperary," and Miss Ruth Reid played "Shadow Dance," by MacDowell.

The banquet, served in three sumptuous courses, was well prepared and much enjoyed by the boys. It was enlivened by an excellent musical program rendered by Whelpley's Orchestra. "Smokes" were furnished by the Dahl-Campbell Company. Members of the Dutch Treat Club served the banquet tables.

Dr. Hughey presided at the enthusiastic speech-making that was given in the lobby immediately following the banquet. He said that he could appreciate the disadvantage of "unpreparedness" when he was called upon to speak. He prefaced the speeches that followed with entertaining and appropriate jokes.

The speeches that followed by Hon. C. A. Reid, Rev. W. B. Gage, Rev. Stone, Major Rell G. Allen, Capt. O. E. Hardway, First Lieut. Billie E. Paul, Second Lieut. W. W. Curtiss, Private Don Calwell although dealing with slightly different phases of the situation, tended to emphasize the value of "preparedness" and to pay stirring tributes to the men who are willing to sacrifice their many civilian advantages to go into active service for the defense of their country.

The Company gave a drill in front of the Y. M. C. A. at the close of the program inside. Their excellent work caused much favorable comment and whengmanissinv (mqd) ment. The imporvement resulting from the daily five-hour workouts was very evident and when Captain Hardway marched his company away from the appreciative audience in front of the Y. M. C. A. home on N. Main street and east on Court street to the armory a volley of enthusiastic applause followed the marching men.

The drill on Main street was a rare treat for the spectators, and the marked efficiency exhibited by the officers and men was a guarantee that Captain Hardway's company will rank high in the service.

## GET BEHIND THE WASHINGTON BAND

The secret of the success of the Greenfield band lies in the simple fact that Greenfield itself is back of the band, and by support from year to year—support that is not a burden upon anyone—the organization has grown until Greenfield is famous as much for Price's Band as for any other single reason.

Washington possesses the same musical talent, or that part not possessed, could be quickly assembled if the Band is given the support that is generally accorded musical organizations in other cities.

At the present time the Washington Band is in a position to go forward by leaps and bounds if accorded proper support, and Washingtonians and citizens from the immediate vicinity will have the first opportunity next week when the first of a series of concerts will be given to the public. This concert will be given at eight o'clock Wednesday night of next week, and the band will have 25 pieces, probably more.

Twenty-five men banded together, using musical instruments costing from \$10 to \$100 each, devoting their time to rehearsals, buying expensive music and employing special players because some member drops out now and then, find little encouragement, it is pointed out, unless the citizens back the organization financially, and each person enjoying the result of the hard work of the men paying a nominal fee for the entertainment accorded.

A half score or more of splendid musicians in this city do not own musical instruments because of lack of support heretofore, and with the financial support which Greenfield gladly gives to the band in that place, these men would soon be added to the organization.

Business men also can aid by applying to the band management when they are in need of new employees so that a musician from some other point may be brought to the city.

A Greenfield citizen recently stated that it was up to the individual to give support to a band, not merely the business men of the city.

## URGE EMPLOYERS TO SHOW PATRIOTISM

Gentlemen:

In the crisis brought about by the development of our relations with Mexico and the resultant call by the President of the United States for the mobilization of our state troops, there is an appeal to the patriotism of the employers of Ohio.

Many of them have responded promptly by issuing bulletins granting to all employees enlisted with the state troops leave of absence with assurance of restoration to their employment upon return from service.

Many employers who are able to do so have gone much further and announced that full or partial pay will be continued to these men while on military duty.

May we not urge that you promptly give to your employees such assurance against their loss of employment and thus aid the military authorities to secure the recruits to

fill Ohio's quota under the present or subsequent calls by the President of the United States?

We suggest the posting of a bulletin substantially in the form herewith.

## In Social Circles

Honoring the delightful college girls for whom there has been an unusual round of gayeties the past week, Miss Jean Fitzgerald gave a beautiful garden party Thursday afternoon.

The fickle weather which so often interferes with out of door fetes, contributed an ideal June day and the vivid green of the wonderful terraced lawn fitted in to perfection as a background for the bright color scheme of pretty summer toilettes.

Miss Fitzgerald received with the honor guests in the library of the spacious home. The extreme prettiness of her blond type was well set off by a ruffled gown of white organdie, with apple green sash.

Miss Mala Manners, of Frenchtown, N. J., was charming in an elaborate gown of white embroidery net, with three tier skirt.

Miss Esther Dahl, of Duluth, Minn., wore a modish gown of gray taffeta and georgette crepe.

Miss Dorothy Land, of Richmond, Ind., a striking blonde, was gowned in Copenhagen blue crepe meteot with trimmings of blue plaid net.

Miss Charlotte Flint, of Spencer, Iowa, was attractive in white net with garniture of pink.

The large rooms were embowered in honey suckle, luxuriant ferns and palms, adding stately decoration.

Honey suckle vines also adorned the verandah, upon which punch was served all afternoon.

The younger sets were fully represented in the fifty guests who grouped in merry chat on the lawn and enjoyed the tempting summer collation served.

Miss Emily Tansey won a white kid card case in a peanut doll contest which was a novel diversion of the afternoon.

Assisting in the hospitalities were Mesdames Harry Fitzgerald, J. A. Worrell, Foster Lane, Misses Carrie Willis, Bess Casey, Jeanette Weaver, Lora Ellen Tharp, Jane Paul and Margaret McDonald.

In addition to the honor guests, those from out of town were: Misses Helen Beale, Marion Kennedy, Elizabeth Kennedy, Mt. Sterling; Miss Rose Weabel of Hagerstown, Md.; Misses Dorothy McDowell and Kathleen Parker of Bloomingburg.

Miss Anna Lee McFadden celebrated her twelfth birthday Thursday afternoon from three to six, by entertaining about forty kiddies with a pretty party at her home on Court street.

The petite little hostess welcomed the guests very winsomely and was the recipient of congratulations galore along with many beautiful gifts.

Games were played on the spacious back lawn and ice cream cones, candy and punch were served all during the afternoon.

Mrs. L. M. McFadden and Miss Doris assisted in the hospitalities.
